Minecraft Monday (2-6)

Oct. 12, 19, 26 Dec. 7, 14
Nov. 2, 9, 16, 23, 30 Jan. 4, 11, 25

Come play Minecraft and build a Biblical world with us! We will use Minecraft as a tool to learn about Jewish Biblical stories and places like the Mishkan (Tabernacle) and learn about the Aron Kodesh (Torah Ark) and Shechinah (The Divine Spirit). The kids will then get to wander the world, look for materials and build, block by block, the Mishkan. Minecraft is a great tool to foster curiosity, increase creativity and implement teamwork! We will be using Minecraft for Education Program (MinecraftEDU), specifically designed for use in the classroom, where the world and environment that the kids are in, is designed and monitored by the teacher. Students should be knowledgeable with Minecraft already and should be at a moderate to advanced level.

Cost: \$295 (13 classes & includes licensing fee)
Instructor: Yifat Mukades (JLC Teacher)
Location: TBD

Basketball Monday (K-6)

Oct. 12, 19, 26 Dec. 7, 14
Nov. 2, 9, 16, 23, 30 Jan. 4, 11, 25

Dribble, pass, shoot and score! Does your child want to be a baller? In this class, Coach Mike Schultz will teach the fundamentals to students of all skill levels. This class will help build endurance, develop coordination, and teach individual skills as well as how to play as a team. Players will scrimmage each week and learn to apply their newfound skills in a fun and friendly environment. Proper warm up, sports games and basketball skills will be taught.

Cost: \$275 (13 classes)
Instructor: Coach Mike Schultz
Location: Kaplan Pavilion

All classes open to both boys and girls!

Soccer Wednesday (K-6)

Oct. 14, 21, 28 Dec. 2, 16
Nov. 4, 11, 18 Jan. 6, 13, 20, 27

GOAL!!! Soccer Routes will be teaching this fun and amazing new class. They offer professional coaching, which will challenge players (both seasoned and new) to learn the game, while at the same time developing team work, their leadership and most importantly, having fun! The first part of the 14 week session will focus on dribbling, agility, kicking techniques and balance. Learning the correct methods of biomechanics at a young age is vital to their future development. The second half will consist of more technical and skill based drills, to help educate them on new topics such as, ball control and turning moves.

Cost: \$255 (12 classes)
Instructor: Soccer Routes
Location: Athletic Field
